Criminal No. JFM-13-0682

Maryland, 101 West

Lombard Street

Baltimore MD 21201-2691

U.S District Judge

Dear Judge J. Frederick Motz,

I am writing to advise the court that I am terminating the services of my counsel, Mr. Richard Bardos as my counsel. As of today counsel will take no further action on behalf of the defendant, due to ineffective assistance of counsel.

The Sixth Amendment guarantees the right to effective assistance of counsel in criminal prosecutions.

Counsel performance fell below an objective standard of reasonableness and counsel's deficient performance prejudiced the defendant resulting in an unreliable or fundamentally unfair outcome of a proceeding.

The court states that, the purpose of the effective assistance guarantee of the Sixth Amendment is to ensure that criminal defendant receive a fair trial and due process.

I haven't been able to go out and get proper representation because of my detention and so I have been getting disloyal counsels.

Upon the appointment of Mr. Bardos, he assured me he would be loyal and do everything possible for me to get a fair trial. Mr. Bardos breaches the duty of loyalty because he had valid information that could have changed the outcome of the proceeding at the motion hearing on May 19, 2014, on one of the motions and didn't act on my behalf.

The Government Accuse me of signing A waiver on December 13, 2013, the day when I was Arrested.

Mr. Bardos came to see me on June 24 and July 10 2014, and He brought the waiver For me to view For the First time, then I realize the signature and hand writting was not mine, I talk to Mr. Bardos about it and he agreed that it was not my Hand writting or signature on the waiver, he said it was the Government that signed it but refused to expand the record and telling me to wait until trial.

on June 24 2014, Mr. Bardos also presented method of evidence that the Government used to investigate the defendant in Form OF: stored wire and electronic communications, Pen Register and trap and trace Devices and Gps Tracking that was placed on my T-mobile phone 202-560-0102, to get real time location. All which was used without a warrant.

I Asked Mr. Bardos For the warrant and he told me he didn't get any, but he refuse to take any action on my Behalf.

Pen Register and trap and trace Devices. In General, the use of Pen registers and trap and trace by law enforcement without a court order is prohibited.

stored communications. The stored communications Act prohibits unauthorized Access to stored communications, such as email and disclosure of their contents. The Government may only obtain Access pursuant to a search warrant. Government Gain Access to my Facebook and email account without A search warrant.

In 2012 the US Supreme court ruled that law enforcement must obtain a search warrant before using GPS technology to track criminal suspects. A comprehensive log of person's whereabouts overtime can deny a resident of their Fourth Amendment right to privacy, opponents of the bill said during the hearing bill. HB377.

The Interests of justice require that the defendant be permitted to pursue all of his constitutional claims prior to trial.

The Supreme court note that, your defense lawyer's job is the protection of your constitutional rights. your right to be treated fairly and with constitutional integrity while in the criminal justice system is known as your right to due process.

Due process violation when the prosecutor withheld exculpatory evidence, counsel took no action on my behalf.

prejudice presumed when counsel fail to expand the record on a motion about a waiver that is determine between counsel and I, Not to have been sign by defendant on December 13, 2013.

I am asking the Honorable J. Frederick motz to Grant me the inconvenience on appointing me a new counsel, to help the defendant to pursue all my constitutional claims prior to trial, In order to get a fair trial or Due process.

Respectfully
B. Shreeves
